Sydney, NSW | Full working rights in Australia

Software Developer with 5+ years of experience building ERP and POS solutions using Java, Spring Boot, REST APIs, and SQL databases. Focused on developing scalable, efficient, and secure software that improves business operations.

Skills

Backend: Java (Core) • Spring Boot • Spring MVC • Spring Security • Spring Data JPA • Hibernate • REST APIs • Microservices Architecture
Databases: PostgreSQL • MySQL • Advanced SQL
Testing: JUnit • Mockito

Frontend: JavaScript • TypeScript • React • React Native • HTML5 • CSS3
Cloud & DevOps: Docker • AWS • CI/CD • Git • Maven
Software Engineering: OOP • Design Patterns • Clean Architecture

Work Experience

Software Developer

Dec 2016 - May 2022

Online Sistemas (Website: onlinebr.net) | Palmitos, SC, Brazil

- Led Java backend development for a multi-tenant SaaS ERP and POS platform supporting 200+ subscription-based clients, building scalable applications with Spring and SQL while ensuring data isolation, performance, and system reliability.
- Designed and deployed serverless API components and data migration tools, automating database conversions for 50+ client systems and reducing manual workload by over 80%.
- Proposed and initiated the development of a new POS system (Java, PostgreSQL) to replace a third-party provider, improving flexibility and reducing costs.
- Maintained and optimized the Java module responsible for cloud data synchronization between client systems and servers.
- Collaborated with cross-functional teams to deliver new mobile and backend features aligned with user and business needs.
- Developed 100+ customized SQL (PHP, JavaScript, MySQL) reports, improving decision-making and user efficiency.
- Led the migration of the Android app to Ionic, enhancing cross-platform support and reducing maintenance.

- Contributed to new mobile projects (milk collection and municipal requests), expanding the company's market presence.

Education

WIC – Wells International College • Sydney, NSW, Australia Jan 2023 - Dec 2024

Advanced Diploma & Diploma Information Technology

UNOCHAPECÓ – Universidade Comunitária Regional de Chapecó • Chapecó, SC, Brazil Feb 2016 - Dec 2019

Bachelor's degree Computer Science • **GPA:** 8.0 / 10.0

Undergraduate thesis: Development of a “MULTIPLATFORM APPLICATION PROTOTYPE FOR FLAVOURS SELECTION DESIGNED FOR PIZZERIA CUSTOMERS” in Ionic/Spring Boot.

Certifications

Master Spring Boot 3 & Spring Framework 6 with Java • Udemy Mar 2026

Credential: [ude.my/UC-a6962f2a-75a7-41e5-8219-9df828168d50](https://www.udacity.com/course/uc-a6962f2a-75a7-41e5-8219-9df828168d50)

ACS Skills Assessments: Developer Programmer, Software Engineer Dec 2024
